

## Programming Assignment 1

Due by 2022년 9월 20일 저녁 9시

1. Complete functions `search_index()` and `delete()` in the file `backend1.c`. Don't change any other files.
2. Duplicate names are allowed. The function `delete(name)` deletes the first record that matches `name`.
3. Make sure to carefully study the testcases `test1.in` and the corresponding output `ch_test1.out`.
4. Submit `backend1.c`. (7분반: "submit dsta hw1a", 8분반: "submit dsta hw1b")
